

Forecast For Wales
Issued by Met Office Exeter
at 1600 on Saturday 15 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Some dry spells this evening, but further showers overnight.

This Evening and Tonight:

Showers slightly easing through the evening, allowing for some dry spells, before further showers approach from the west overnight. Some of these possibly thundery. Driest in the east of the country, with the occasional clear spells throughout. Minimum temperature 6 deg C (43 deg F).

Sunday:

Another day of scattered showers with occasional sunny spells. There remains the possibility of heavy and thundery showers, as well as hail, across the country. Turning dry into the night. Maximum temperature 14 deg C (57 deg F).

Outlook for Monday to Wednesday:

More settled than recently, but showers and sunny spells continue through this period. Driest on Monday, with plenty of sunshine. Showers more isolated on Tuesday. Showery rain on Wednesday.
